

# Spotlight on Daycare in Children's Centres

Issue: 01

Date: 11.03.11

Your UNISON representatives would like to meet with members who work in Children's Centres to discuss the abc review of the service.

UNISON has been briefed twice regarding the review and has received very little information from management regarding changes they are contemplating.

We would like **all members** to contact the stewards listed below to

- Tell us how you want us to communicate with you (personal or work email/telephone)
- Hear what your managers are saying to you about the review and how they think it will affect you
- Arrange suitable times to come and discuss the review in your workplace.

If you know non members in your workplace that would like to receive these updates and attend our meetings please ask them to contact our office either of the numbers below.
