PROTEST LOBBY OF THE FULL COUNCIL MEETING.....

Tuesday 18th October, 12.45 outside the Council House

We want our £250!

The government promised £250 to every public sector worker earning under £21,000. The Local Government Employers are refusing to pay. Coventry City Council are refusing to pay this money to us – despite having budgeted for it! So our message to the Council is clear. If you truly value the work we do, PAY UP NOW!

Some points to consider;

- Inflation is at 5 per cent;
- Gas and electricity prices are set to increase by up to 15 per cent this Autumn;
- We have suffered year on year pay freezes (real term pay cuts).

And finally;

- Other Councils have paid this increase to staff, come on Coventry it is time you did!

Come to the lobby and demand the £250 that is owed to us.

END
